

Staed PDF Editor — Sample Document

This sample demonstrates annotations, search, forms, and export.

Highlight this paragraph to try the markup tools. Underline and strikethrough also work.

Use the pen for freehand notes. Drop sticky notes anywhere on the page.

Draw rectangles, ellipses, arrows, and lines from the shapes tools.

Place stamps like APPROVED or CONFIDENTIAL, and add a drawn or typed signature.

Search for the word "privacy" using Cmd/Ctrl+F to jump between matches.

Privacy: all editing happens locally in your browser.
